Island/median location _____ (1st Choice)

Island/median location _____ (2nd Choice)

Would you like a sign placed on the island/median indicating your sponsorship? Yes No

If yes, please indicate how you would like the sign to read: _____

Note of Understanding

It is understood that I would like to participate in Worcester's Adopt-an-Island Program and wish to plant and maintain the designated island. I agree to the following conditions:

1. Island planting will be completed by Memorial Day and run through the first frost in October. Island sponsors will be responsible for keeping areas free of weeds and litter.
2. Plant height is to be kept below 30".
3. Design of the island/median may include natural materials such as shrubs, plants and flowers.
4. Required design drawing is attached.
5. Planted items that perish during the course of the summer will be replaced as needed.
6. The City of Worcester will provide appropriate signage to be placed on traffic islands. All signs are the property of the City of Worcester.
7. I understand that by adopting this island, it is my responsibility to maintain it from April through November.
8. A friendly reminder will be issued if the island appears to be neglected. If the neglect persists, the island may be reassigned to others.

Signature of Sponsor: _____

Date: _____

Parks Approval: _____

Date: _____

DPW Approval: _____
